SULLY PROPOSES PLAN FOR BOOST OF COTTON

Former "Cotton King" Favors a Chain of Warehouses to Carry Out His Project.

ATLANTA, April 3.—"When the farmers of the South and the business men of the South say the word, funds will be immediately available in sufficient volume forever to place the great industry of cotton production upon a stable foundation, free from the chance fluctuations of the market, relieved of the attacks of manipulators and leaving the gigantic crop monopoly of this section to respond, unembarassed and unrestricted, to the legitimate laws of supply and demand. The result should mean to the South an annual cash saving ranging from $150,000,000 to $250,000,000."

In these plain terms Daniel J. Sully, the man who drove cotton to its highest market price since the Civil War, yesterday outlined the purpose of his visit to Atlanta and the South.

Continuing, Mr. Sully said his plan contemplates "the creation of an impregnable business system, which shall do away with the annual necessity of the farmer sacrificing millions of bales of cotton for pressing debt, congesting the market, hammering down prices, upsetting the reign of supply and demand and losing to this section the tremendous sums that are its due in return for the one crop indispensible to the needs of civilization.

Ten Millions Available.

"I do not ask one penny from the Southern people. I do not ask the pledging of one bale of cotton until I have given ample good faith of sufficient financial backing, from sources that are unquestionable, to carry every detail of the plan into effect and to safeguard the interest of every farmer in the South from the man who raises one bale to the man who raises a thousand bales.

"A minimum fund of $10,000,000 subscribed by the most conservative financiers of the United States is available to be invested in such ironclad securities as insure the ability and responsibility of the plans promoted to redeem their promises and obligations to the last detail.

"The people of the South will be given the first opportunity to invest in this project, if upon rigid investigation it commends itself to their judgment.

Chain of Warehouses.

"The backbone of the plan is a chain of bonded warehouses throughout the South sufficient in number and capacity to house one third of the crop and that one-third, as has been demonstrated, will be the balance of power, which will render market congestion impossible and insure the disposal of the crop in strict conformity with the laws of supply and demand."

In borrowing money on his warehouse certificates, Mr. Sully said the farmer does not surrender the equity in his cotton. "It is his to sell whenever he pleases, or to hold as long as he pleases, with the plain business exception that the certificate he may have used as collateral for the loan is a prior lien upon the bale, which must be satisfied out of the sale of the bale when that culmination is reached."

The company would be paid a nominal fee for each bale of cotton handled and in this way, Mr. Sully figures a fair profit will be realized on the investment.

LIFE INSURANCE MEN LOSE THEIR POSITIONS

LAW PROHIBITS BUSINESS OF OVER $150,000,000 A YEAR.

Some of the Larger Companies Restricted by This Law from Seeking New Business.

NEW YORK, April 3.—As a result of the limitation placed upon new business of life insurance companies by the insurance law, the New York Life Insurance Company it was announced yesterday will on May 31 discharge 1,000 of its agents in various parts of the country. This dismissal order which will affect agents who devote only part of their time to the company was rendered necessary by the decision rendered yesterday by Supreme Court Justice O'Gorman, upholding the constitutionaltiy of that section of the insurance law which limits new business to be written by any company in any calendar year to $150,000,000. Justice O'Gorman s decision forbade the company from issuing a $25,000 policy on the ground that its limit for new business for the year had been reached and could not be exceeded.

Edward R. Perkins, second vice-president of the New York Life Insurance Company, said that in the last two years more than 5,000 life insurance agents have lost their positions. Another 1,000 would have to go by May 31, thus bringing a force which once numbered 8,000 down to 2,000.

Savannah Market Quiet in Sea Islands Last Week

SAVANNAH, Ga., April 3.—Early in the week the market was quiet with some holding cotton being offered and scarcely any demand. Prices consequently eased off a little, early sales being at inside figures to a shade under.

Latterly the demand improved, with rather reduced offerings, and the market steadied up to about the former bases, and closed steady. This late demand was for all grades from extra fine to extra fancy, inclusive, and appeared to have been pretty well satisfied at the close.

Sales for the week were 724 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	19	@20½
Fancy Georgias	19	@20
Extra choice Floridas	17	@17½
Extra choice Georgias	17	@17½
Choice Ga's and Fla's	15	
Ex. fine Ga's and Fla's	14	
Fine Ga's and Fla's	12	@13
Common Ga's and Fla's	10	@11

CHARLESTON, S. C., April 3.—Sea Island Market quiet, fine, 20c; fully fine, 22c; extra fine, 23c. Receipts, none; exports, 25; sales, none; stock, 1,139.

WALDO IS TO HAVE NEW RURAL ROUTE

TO COVER TERRITORY ADJACENT TO MONTEOCHA AND GRAHAM.

Family Reunion at Orange Heights. Town Taxes Being Collected. Personal Notes of Interest.

WALDO, April 3.—Arrangements are about completed for the establishment of a rural free delivery route of a twenty-mile circuit to the northward and westward of Waldo, which will do away with the small postoffices of Graham and Monteocha. It will pay seventy-five dollars per month and several applicants want it.

Mr. and Mrs. Harvard are staying awhile with the bride's parents, Dr. and Mrs. Andrew Jolly.

A family reunion and dinner was held a few days ago at the Jolly homestead near Orange Heights in honor of the Methodist patriarch, Absolom Jolly, on the eighty-fifth anniversary of his birth. Dr. James Jolly of Oklahoma, and his family, Dr. Andrew and Mr. Frank Jolly of Waldo and also other families of the connection were in attendance as well as other invited guests. Rev. T. L. Z. Barr presided as minister of the occasion, presenting a fine family Bible in well-chosen remarks.

Town Tax Collector L. P. Miller has notices up warning tax-payers of the near approach of the limit of time to pay up the taxes due for 1908. The Seaboard Air Line has recently paid to the amount of $68. The administration has been greatly hampered by the loss of its funds by the failure of the Parrish bank here some time ago.

The Woman's Home Mission Society makes a good showing in its annual report that $150.59 has been raised for all purposes and that there is a balance in the treasury of $10.67.

A. Turner and family have moved to Savannah. He was a partner with his son, E. A. Turner, in the mercantile business, who continues at the old stand.

J. B. Mattair and wife of Albany, Ga., were here a few days ago. They were former residents and still have property here. They visited Mrs. Prewitt and family.

Rev. Chas. B. Hedrick, rector, held two services at the Episcopal church Sunday.

Horace Ross, one of the conductors on the S. A. L., is suffering from an attack of fever.

An oyster roast was enjoyed by a number of young people in the open near The News office Wednesday night.

Finlayson & Co. have just got in two very large and beautiful show cases for the better display of their new spring goods.

Mrs. Sabastian of Jacksonville and Miss Cobb Johnson of Atlanta are visiting Mr. and Mrs. McManus at Lake View.

Mrs. T. B. Ellis of Gainesville returned after a visit to Mrs. Marks and family.

ANDREWS—TOWNSEND.

Marriage of Popular Young Couple in South Florida Town.

WAUCHULA, Fla., April 3.—A quiet but pretty wedding ceremony was solemnized at the home of Mr. and Mrs. James L. Townsend, Wauchula, Fla., on Wednesday at 4 p. m., March 31, 1909, when their oldest daughter, Mabell Hartley, and Mr. Junius Marvin Andrews of Winter Haven were wed. The beautiful ring ceremony of the Methodist Church was performed by Rev. W. B. Tresca, pastor of Methodist church of Wauchula, in the presence of the family and only a few relatives of the bride.

The bride looked very pretty in a dainty dress of white silk mull, with lace and ribbon trimming, white slippers and gloves with boquet of orange blossoms. The groom was looking his very best and seemed very happy.

The many friends of the bride in Alachua county remember her for her happy nature, and will no doubt be pleased to know of her marriage. She was one of the teachers in that county and has but recently moved with her father's family from near Hawthorn, where they are well known, to Wauchula.

The groom is an enterprising young man, now of Winter Haven, but formerly of Ashborough, N. C. He is engaged in the orange business at Winter Haven.

After supper the bride donned a blue traveling suit and the happy young couple left on the 6:32 train for Lakeland, from there to Winter Haven next day, where they will be at home to their friends.

They received some very nice gifts.

Their many friends wish for them a happy and prosperous life.

PAYNE BILL INCREASES EXPENSES OF FARMER

If Bill Becomes a Law Harvester Trust Will Profit to the Extent of Millions.

WASHINGTON, April 3.—How does the farmer fare in the Payne tariff bill?

Several Congressmen have answered this question on the floor of the House within the last few days. Each one revealed a new "joker." If the bill becomes a law the International Harvester Company, which, next to the United States Steel Corporation, is the most powerful combine in the country, will profit to the extent of millions, which will flow directly into its coffer from the pockets of the prosperous American farmer.

"We have taken care of the farmer," declared Chairman Payne of the Ways and Means Committee, just after his tariff bill was reported. "The duty on agricultural implements has been materially reduced."

Here is how: The Payne bill provides in one place that the duty on plows, tooth and disc harrows, harvesters, reapers, agricultural drills and planters, thrashing machines, and cotton gins, shall be 15 per cent ad valorem. But the bill does not stop toere. Immediately following is the usual "Provided, however, that any of the foregoing, when imported from any country, dependency, province, or colony which imposes no tax or duty on like articles imported from the United States, shall be imported free of duty."

This is a seeming reduction of 5 per cent ad valorem, as the present law provides a duty of 20 per cent ad valorem, but it is only a seeming reduction, for later on the bill provides for a duty of 25 per cent ad valorem. The duty on agricultural implements is increased five per cent instead of decreased. The actual joker is on page 27 of the Payne bill, and reads as follows: "Upon each article enumerated in paragraph 468 of Schedule N, 25 per centum ad valorem."

Manufacturers of agricultural implements are selling their goods abroad, after paying transportation charges and tariff duties, imposed by other countries, from 15 to 20 per cent cheaper than they sell the same grades of implements to American farmers. This is under the 20 per cent ad valorem duty. Under the 25 per cent ad valorem duty they will be able to extort a much higher price as the high duty plements of the few foreign independent manufacturers that the International Harvester Company permits to remain in business.

"The farmers are making more than anybody else," say the lobbyists for the implement manufacturers. They are able to stand a good, stiff tax on agricultural implements."

The farmers reply by admitting their finances are in a healthy condition but that is an insufficient reason why the Republican party should permit them to be unreasonably taxed by the agricultural trust.

The value of farm property in the United States in 1900, the census year, was $20,514,001,838; the value of farm animals, $2,228,123,134; total $22,742,125,972. The total capital invested in manufacturing industries in 1900 was $9,817,434,799. On the farmer's investment there was a return in money of 16 5-10 per cent, while on the manufacturers' investment there was a return of 141 5-10 per cent.

"The Payne bill provides a 25 per cent ad valorem duty on agricultural implements," said Representative James Hay of Virginia, in protesting against provisions of the measure which discriminate against the farmer. "Every country which manufactures agricultural implements has a duty on agricultural implements, and thus these countries would be compelled to pay a duty of 25 per cent ad valorem. The trust is therefore protected as never before from its real rivals in trade and continues in it impregnable position and in its ability to impose any price it pleases for its wares upon the farmers of this country. What is the purpose of the framers of this bill if it is not to deceive the farmers? Why provide for a seeming reduction? Why not frankly say that the duty on these articles shall be 25 per cent ad valorem, instead of hiding the fact in the mazes of this bill, so full of conflicting provisions and so confusing that when it first appeared the very elect were deceived as to its real import? The farmers of this country are intelligent, they are alive to their interest, and they will resent in no uncertain tones this plain effort to mislead and deceive them."

No Mob Violence Feared For Mick Morris Now

TALLAHASSEE, Fla., April 3.—Mainly as the result of the proclamation issued by Governor Gilchrist Wednesday all talk of mob violence toward Mick Morris, colored, charged with the murder of Sheriff W. M. Langston of Leon county on March 13, has died out.

Sheriff Houston stated yesterday that he feels certain that he can now control the situation easily. The negro will be brought to Tallahassee Sunday. By order of the Governor, Judge B. H. Palmer of the Third district will convene a special term of the circuit court Monday for the prompt trial of the case. The sheriff doesn't believe that any mob violence will be offered the negro when he is brought here and lodged in jail pending his trial. Governor Gilchrist in his proclamation strongly urged all law abiding citizens to stand by the sheriff in the preservation of law and order.

NEWS OF CITY AND COUNTY CONDENSED

Dr. and Mrs. J. F. McKinstry, Jr., have had as their guest Mrs. Dow of High Springs for the past week.

W. N. Wilson has returned from his grove on South Lake Weir. He states that the season has been fine and the trees are in a pretty condition. Present indications point to a very large yield.

Mrs. D. L. Graham and little child, who have been visiting the family of Capt. W. D. Dickinson for some time, departed yesterday for Lakeland, where they will join Mr. Graham, who is now connected with the express company at that place.

Clarence Wertheim has returned to the city from Nashville, Tenn., where he has been for the past several months. He is again connected with the firm of J. Manasse and would be pleased to have his friends call upon him, as he has something "up his sleeve" to show them.

FAT IS OUT OF STYLE

To paraphrase Caesar's remark, the directoire gown came—was seen—and has conquered. So fat ladies are reduced, so to speak, to the necessity of either reducing at a very rapid rate or eliminating themselves from public view until the fashion dies out. Otherwise they risk being ridiculous.

Since many fat ladies will not eliminate themselves, however, but, per contra, will insist on wearing the curveless gown, no course is open to this well-meaning scribe other than to tell them how they may eliminate the fat.

What is there, then, that reduces fat safely? What pleasant inexpensive article is there on druggists' shelves that can reduce a pound a day without causing wrinkles or stomach ache? What can the pharmacists offer as an improvement over scanty victuals or ten-mile walks without breakfast? Is there anything pleasant to take and inexpensive to buy that will reduce one uniformly, quickly and innocently thirty pounds a month? Here is the answer: Either write the Marmola Company, Detroit, Mich., or ask your local druggist for Marmola Prescription Tablets, and for 75 cents they or he will give you one large case of these safe fat-reducers, containing so generous a quantity of tablets that sometimes one case only is needed to produce the desired results. Can you match that for a simple solution of your problem?

KIRBY SMITH CHAPTER.

Delegates Elected to U. D. C Convention at St. Augustine.

At the regular business meeting of Kirby Smith Chapter, U. D. C., held at the home of the President Thursday afternoon, the following delegates were elected to the State convention soon to convene at St. Augustine: Mrs. H. H. McCreary, president; Mrs. L. W. Jackson, chairman; Mrs. Joe Manasse, Mrs. A. W. Taylor and Mrs. J. J. Williams; alternates, Mrs. J. B. Brooks, Mrs. A. L. Jackson, Mrs. J. M. Graham and Mrs. Evans Haile.

As the committee which had charge of the memorial arrangements incident to the death of Mrs. J. E. Wainwright had made a mistake in the date, the first Thursday occurring on the first day of the month instead of during the second week, as is usually the case, and the Missionary Society of the First Baptist church having been invited to join with the chapter in this service, it was decided to hold a special memorial service one evening after the meeting now in progress at the Baptist church has adjourned to pay respect to the chapter's ex-president.

The credential committee reported four credentials approved and ready to be forwarded to the State Registrar, besides several others that they hope to have in before the convention. Mrs. W. B. Durst's name was presented for membership and the necessary papers furnished her.

The amendment to be offered at the convention was then discussed by the chapter and the delegates instructed to use their judgment in the matter after reaching the convention.

The committee on arrangements for the play entitled "The Union Depot," to be given by Miss Elizabeth Melick assisted by the chapter for the benefit of the Kirby Smith scholarship in the University of Florida for the coming year, reported the play well under headway, as some of our prominent lawyers, as well as Ticket Agent Goodwin and other business men, have promised to take part. The doll baby, Indian, and cowboy drills will be a prominent feature of the evening's program.

The chapter was delighted to have with them Mrs. Judge Cox of Palatka, a prominent Daughter of Patton Anderson Chapter, and Mrs. Glass of this city. It is a pleasure to the chapter to have guests at all times, but especially to have visiting Daughters with them when they are in the city.

Big Auction Sale Soon.

E. L. Watson, representing the Watson Realty Company of Greensboro, N. C., is among the visitors to the city. He is here in the interest of another large real estate deal that he intends to put on in Gainesville in the near future, and will put on sale at auction several choice lots in College Park.

Mr. Watson states that he will also have something valuable to offer the colored population in Westfield lots, a new suburb for them. He will be remembered here by many, as he was associated with another company who operated a sale of lots in East Gainesville. The famous twin auctioneers accompany him and promise the people something interesting and good for their money.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. J. W. SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. "TRADES EXTRAVAGANZA."

An Assured Success at Baird Theatre Wednesday Night, April 14th.

What a "Trades Extravaganca" consists of in its entirety would require far more space than The Sun can possibly give in this issue, but in answer to "What is a 'Trades Extravaganza?'" this partial explanation has been submitted with a promise of further details later on.

A "Trades Extravaganza" is something different from anything ever seen in Gainesville. It is two and one-half hours of trade-benefiting pleasure, and one of the most unique and effective advertising schemes ever presented; it is a gorgeous display of beauty and talent, for the entire cast is made up from Gainesville's local performers, and might be termed an Adamless Eden affair, for each business house to be advertised is represented by someone of our popular young ladies.

All these answers and many more might be given to the question "What is a 'Trades Extravaganza,'" and yet one could not conceive of what this entertainment really is until they have been an eye-witness to this original high-class performance. Every move and expression, and every costume, is suggestive of the lines advertised, and the press throughout the country are extravagant in their praise of this meritorious production that is now being promoted by Mrs. Hollibaugh of Colorado Springs, under the auspices of the Woman's Guild; and this body of progressive ladies is another guarantee of the genuineness of the "Extravaganza" merits.

The whole affair is a departure from the ordinary plan of entertainment and when the curtain rises on the grand march—the opening number—on the night of April 14th they will undoubtedly be greeted with a capacity house, for all of Gainesville begin to realize this much-discussed "Trades Extravaganza" is well worth while.

There will be several artistic and elaborate stage settings, all of which will receive special attention in a later issue of The Sun. The newsboy, the baker, the butcher, the grocery girl, the cowboy girl, the Japanese maiden, "Mandy Jones" of Ocala, the Parisian models, the embroidery girl, the bank president, the candy girl, the Spanish girl, the milkmaid, the "hayseed," the telephone girl, "Aunt Dinah" the cook, the electric girl, the society girl, the Gainesville girl, the "drummer," the furniture girl, the jewelry girl, the plumber's modern band, the photographer, the picture-frame girl, the printer, the hardwood girl, and the fruit girl, all of whom will tell in breezy story and catchy jingle of the respective firms they represent—and there will not be a dull moment from the time the curtain rises on the grand march until the finale number of the program.

The talent are requested to meet with Mrs. Hollibaugh tomorrow afternoon (Monday) from two to five, when the parts will be assigned, and the rehearsals will begin at once thereafter.

Mrs. Hollibaugh occupies rooms at Mrs. Landers', or what is more generally known as the Dr. Phillips home 201 E. Main street N.

BURKHIM'S PRIVATE CONTEST.

Capt. Alvarez Makes Steady Gains Every Week Here.

Capt. Alvarez, the conductor on the Seaboard "short," is making rapid gains in the piano contest, and the little activity that he showed here the past week goes to prove that he is in the race very materially for the handsome piano that we will give away.

Friends of the High School are also proving loyal, and while they have made a small gain the past week, it is nothing to what was accomplished by their workers the week previous. For many weeks the band friends were zealous workers but it seems that they are not exerting themselves to any great extent now, and if they wish the instrument they will have to get down to business.

Following is the result as counted last night:

High School	136,167

A Baby Show in Gainesville

Would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms, and most babies do unless they are kept free from them with White's Cream Vermifuge. Acts quickly, yet mildly—is its own purgative. Mothers, don't attempt to raise children without White's Cream Vermifuge. Price 25 cents. Sold by W. M. Johnson.

Fire Saturday.

An alarm from Box 43, located near the old Plaza lot, at 12:45 yesterday brought the department out with its usual promptness. The fire was discovered to be the roof of the kitchen of Owen Lloyd and was extinguished with little trouble. The damage amounted to less than $2.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. J. W. McCollum & Co.

Hyde Co's. Easter Announcement.

We call attention to the G. W. Hyde Co's. magnificent Easter Sale. This enterprising store is to the front with the grandest display of fine Easter muslins and fine ready-to-wear goods ever shown in the South—in fact, no New York store is more up-to-date in its appointments and the high class collection of high-grade wearing apparel. Every item seems to be selected with a view of having the best that money can buy, and our citizens are certainly to be congratulated on having such an opportunity to select their wants so conveniently and so reasonably. We were surprised to see the grand preparations for their great Easter Sale. Visit the Hyde Co's. store this week.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. J. W. McCollum & Co.

IT'S FRESH EVERY DAY!

The Bread, Pie and Cake you eat should be nutritious. The finest flour, mixed with pure rich milk and baked in the "purity fashion," make our goods the most delicious it is possible to produce.

What follows the Tallahassee headline will be of absorbing interest for the next two months.

By persistently reflecting upon imaginary troubles we are in great danger of converting them into real troubles.

The planting of fruit trees not only beautifies one's premises, but will furnish fresh fruit almost the year round.

The bulletins issued by the Florida Agricultural Experiment Station contain practical information of inestimable value to the farmer, fruit grower or cattleman. The theories are founded upon tests carefuily made by men of ability, and every producer of soil products should make use of them. The practical farmer is the money-making farmer.

A bill has recently been introduced in Congress reducing representation of States alleged to deny negro citizens the right of franchise, but it is not seriously considered. Without trial, the bill arbitrarily specifies the reductions to be made, giving Alabama five, instead of nine representatives; Arkansas five, instead of seven; Florida two, instead of three; Georgia six, instead of eleven; Louisiana four, instead of seven; Mississippi three, instead of eight; North Carolina seven, instead of ten; Texas thirteen, instead of sixteen; Virginia seven, instead of ten; South Carolina three, instead of seven.

The casual mention of the fact that 50 per cent of the hosiery made in this country is sold through a single selling agency sheds a good deal of light on the mystery of the increased duties on stockings, says The Philadelphia Record. If there be one thing more than another to which Republican Congressmen are subservient it is a trust. If four-fifths of all the hosiery is sold through a common agency there is practically a stocking trust; and wherever there is a combination in restraint of trade there will the Republican Congressmen be gathered together to receive their orders—and also other things, perhaps; not, of course, in a personal, but in a party way; for the Congressmen are all honorable men.

The Jacksonville Times-Union is worried in spirit and groans grievously because of the proposed new arrangement of the stars on the United States flag to form graceful geometrical figures, concluding that such an arrangement is a blow at the sovereignty of the States. But we think this grief unnecessary. E pluribus unum is the federal motto and the formation of a single design by the combination of the stars carries out the meaning of the words—one from many. Besides, the flag is nothing but a representation of the States as individual potentialties, with respect both to the stars and the stripes. No, our faithful Democratic brother need feel no great alarm until the entire design is blotted out and the flag appears as a scarlet field emblazoned with one great, screeching, spread-eagle done in glittering gold—and how Elihu the tap Root and other smaller radicals would glory at the sight!—Pensacola Journal.

SUGAR AND GLOVES.

Refined sugar sold in New York last year at an average price of 4.96 cents a pound wholesale. The same article sold in London for 2.7 cents a pound. The average family of five uses 400 pounds of sugar a year, which means that the American family paid for sugar last year at least $10 more than the British family. It also means millions of unearned profits to the sugar trust, says The Sun's Washington correspondent.

It is being pointed out that no effort is made in the Payne bill to change the situation. The sugar monopoly was practically permitted by the Ways and Means Committee to write its own revision law. What did it want? Providing importations from the Philippines was limited to a point far below any possible danger to the local market in the United States monopolized by the sugar trust, the managers of the trust were willing that the duty on refined sugar be reduced—how much?—one-twentieth of one cent a pound.

"Why is the Republican party protecting the colossal profits of the sugar trust?" is being asked. The public has no way of knowing, but may find interest in the frank words of Henry O. Havemeyer, who, as president of the sugar trust, testified before a committee of the Senate that was appointed to investigate the ugly rumors that gained circulation following the making of the tariff in 1894.

Havemeyer was asked about the relation of the trust to politics. He replied that the sugar trust made it a practice to contribute to the State campaign funds of "the party which controls the local matters." What Havemeyer alluded to as "local matters" was the election of Senators and Representatives to Congress—where the tariff is made—and of judges to the State judiciary.

The Democrats, assisted by a few Republicans, have proven that the Payne bill is permeated with fraud from beginning to end. There is hardly anything about the bill, according to charges which frequently appear and are substantiated in The Congressional Record, which is as it was represented to be by Mr. Payne and the Ways and Means Committee. The statement issued purporting to explain the effect of the hundred thousand words contained in the bill is shown to have been as fraudulent as the bill itself.

Lucius N. Littauer, former member of Congress, resident of Gloversville, N. Y., a wealthy glove manufacturer himself, is understood to have written the glove schedule. Whether he did or did not he has been in Washington haunting the Ways and Means Committee and the White House. Littauer is the recognized head of the great Gloversville glove-making industry. He stands for it in all its relations to public affairs. He was known when in Congress as its representative. It was his special concern, and his great fortune represents investment in it.

Mr. Littauer is one of the closest personal and political intimates of the present organization which controls the House.

As a member of Congress he was one of the recognized spokesmen of Joseph G. Cannon. He was one of the men who made Cannon the Speaker of the House. When the fight over the election of Speaker Cannon and the readoption of the Cannon rules started a few weeks ago, Mr. Littauer was sent for. He hurried on to Washington and was one of the group of inside managers for Speaker Cannon and the rules. He used his personal acquaintance and influence most effectively. To no man does the present managerial clique owe more for its retention in control.

What was Mr. Littauer's reward? No one can say for a certainty except the members of the Payne committee. The only thing that is known is that the Payne bill revised certain schedules in such a way that thousands of dollars in increased dividends will accrue to Mr. Littauer.

Mr. Littauer, it has been stated, makes gloves. The glove schedules in the Payne bill were revised upward.

Here is how the Payne glove schedule work out, and where Mr. Littauer's additional dividends come from: The little newsboy who gets a cheap pair of cotton gloves to keep his fingers from freezing in the winter has a hundred per cent added to the cost of the gloves. The same is true of the cheap cotton gloves worn by the working girls or the cheap gloves worn by the man who drives a wagon. In short, beginning with the hundred per cent increase of duties on all the cheaper grades of gloves the new glove schedule sticks on an additional tax clear to the 16-button shoulder glove worn to the ball.

CURRENT COMMENT.

The Birmingham News (Dem.) says: "The bill to reduce Southern representation in Congress need not be considered seriously. No doubt the member from New York has some object on the side, but there is no probability of the bill becoming a law. Crumpackerism and Keiferism have about run their course. They are grand stand plays, and the South is not at all worried about them."

The current issue of The Sanford Herald contains the announcement that a daily will shortly be issued from that office. Brother Holly says that the people are insistent that a real, live daily be furnished them, and judging from the prosperity which has attended The Herald as a weekly, success is assured the new project.

The Florida Legislature will convene in regular session Tuesday. The message of Governor Gilchrist will be read with interest.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free,

RELIGIOUS SERVICES GROWING IN INTEREST

WILL ADJOURN TO TABERNACLE THIS AFTERNOON.

Presbyterian Church Joins Them in the Night Services—Other Church Announcements.

The congregations, entranced by the great music and strong sermons, have grown too large for the Baptist church and they move this afternoon to the Tabernacle. The announcement that the speaker would preach on "Hell" drew a large congregation last night for a Saturday night's service. The speaker discussed his theme from Nature, Infidelity, and the Bible, preaching a very strong and touching sermon.

Services for this church today will be as follows: Sunday school 9:30. At 10 o'clock a mass-meeting for young people. 10:30 preaching by Dr. T. T. Martin. Junior Union 2:30. At 3:30 services will be held at the Tabernacle. A great song service will introduce the mass-meeting, when Evangelist Martin will speak on "Married Life—Its Present-day Dangers, and Evils." 7:30 p. m., a great mass-meeting at Tabernacle. All singers of the city are especially requested to join a chorus at the Tabernacle today. Training is free and books supplied you. Mr. Schofield has arranged to seat 100 in the choir this afternoon and tonight.

At Other Churches.

First Presbyterian Church, Rev. T. P. Hay Service 10:30 a. m.; administration of the Lord's supper; offering for ministerial education. Sunday school 3:30 p. m.; lesson topic, "Peter and Cornelius." No evening service on account of Evangelistic services at Tabernacle.

First Methodist Church, Rev. F. R. Bridges—Sunday school 9:30 a. m. Preaching 10:45 followed by the Lord's sacrament and Holy Communion. League at 3:30 p. m. Evening service 7:30.

Advent Christian Church, Elder J. T. Johnson—Preaching at 11 a. m. and 7:30 p. m. Subject for morning, "Holy Temples." Night subject, "The Four Kinds of Actors, and the Five Kinds of Spectators Around the Cross." Communion and babtism at close. Young people's meeting at 7 p. m. before preaching. Sunday school at 10:30 a. m. Everybody cordially invited.

Holy Trinity Church, Rev. F. H. Craighill—Palm Sunday. Morning prayer, sermon and Holy Communion 10:30 a. m. Sunday school 4 p. m. Evening prayer and sermon 7:30 p. m. The services during Holy Week will be as follows: Monday, Tuesday, 9 a. m. and 4:30 p. m.; Wednesday, 9 a. m. and 7:30 p. m., with confirmation class at 4 p. m; Thursday, 4:30 p. m. and 7:30 p. m.; Good Friday, 10 a. m. and 4:30 p. m.; Saturday (Easter Eve) 9 a. m. and Holy Baptism 4 p. m.

St. Patrick's Catholic Church, Rev. P. J. Lynch—Mass will be held at 10 a. m. Devotion of the Holy Rosary at 4 p. m.

Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by all druggists.

Station Staff at Titusville.

Prof. P. H. Rolfs, director of the Florida Agricultural Experiment Station, Gainesville, Fla., was a pleasant caller at The Advocate office yesterday. He was accompanied by Prof. E. W. Berger, entomologist, and Prof. B. F. Floyd, assistant plant physiologist. In the afternoon these gentlemen drove to LaGrange and Mims, to examine the orange groves and their insect enemies. The recent pamphlet on "White-fly Studies," should be carefully read by every orange grower.—Titusville Advocate, 2nd.

OPENING UP OFFICES.

Capt. N. H. Cox, Professor of Civil Engineering, Making This Move.

Capt. N. H. Cox, Professor of Civil Engineering at the University, is opening a consulting engineer's office and drafting room in the Phifer block, opposite the Brown House, and by the end of this week will be ready to handle anything in this line. He expects to do a certain amount of high-grade contract work in connection with this office and has, at present, a regular force of nine employees—most of whom are experts in their particular lines of practical work. Capt. Cox has carefully picked these men and has exceptional opportunities for making his selection.

In the drafting room he will be prepared to turn out on short notice anything that may be desired in this line, whether civil architectural, mechanical, or electrical, including of course maps and patent office drawings. He has an exceptionally fine outfit of duplicating instruments for producing large numbers of copies of maps or of typewritten letters on short notice.

Capt. Cox will have associated with him a number of the more prominent engineers of the State, and the enterprise bids fair to assume large proportions.

Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says The Chicago Tribune, "moderative laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by all druggists.

"Roney's Boys."

We are pleased to announce to the patrons of the Lyceum Course and the music-loving public in general that "Roney's Boys" will appear at the Tabernacle next Thursday night. This is perhaps the most famous and most enjoyable musical attraction that exer visited Gainesville.

There is no company like "Roney's Boys" or remotely approaching it in either America or Europe. "Roney's Boys" are unique, unrivaled and unapproachable as a popular attraction. No other company appeals so equally and so irresistibly to old and young, for they are nothing less than a musical sensation. These talented boys not only entertain, charm and fascinate, but they educate, stimulate and inspire the children everywhere by their marvelous accomplishments in music, especially vocal. Every charming feature that long experience and ingenuity can suggest is embodied in these programs.

DO IT NOW

Gainesville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's Disease, gravel or some other serious form of kidney compaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. A. H. Leonard, 304 E. Liberty street, Gainesville, Fla., says: "I feel that from personal experience and that of several of my friends who have used Doan's Kidney Pills, I can endorse them very highly. Any person suffering from backache, headaches, chills, nervousness or any of the other symptoms arising from disordered kidneys, will make no mistake in giving Doan's Kidney Pills a trial. They always act quickly, cause no inconvenience and live up to the claim made for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

DEPUTY WYNN GETS ANOTHER OF "GANG"

FOURTH MEMBER OF COUNTERFEITERS NOW IN JAIL.

U. S. Deputy Marshal B. F. Dawkins Arrives With Prisoner on Saturday Evening.

Deputy Sheriff Wynn of Newberry has arrested Jas. Hodge, another of the alleged counterfeiters of the Newberry gang, and U. S. Deputy Dawkins brought the man here yesterday and placed him in jail to await the preliminary hearing, which will occur before Commissioner Cushman on Tuesday.

This makes four of the crowd that have been rounded up and it is understood that the remaining members will soon be captured.

The evidence in the case against the men will probably be brought out at the preliminary. There are some prominent citizens to testify—in all nearly twenty witnesses will be here for this case, which shows that they must have done a good business while engaged in the alleged passing of the spurious coin.

University Civil Engineering Department.

At the Wednesday night meeting of the "Transit Club" a very interesting paper on "Asphalt and Asphalt Pavements" was read by Mr. H. L. Thompson of the Junior class and discussed by the members present. Arrangements were made at this meeting to entertain the club, recently organized by the Electrical Engineering students, at the next meeting.

The head of the Civil Engineering Department has arranged to employ all of the members of the "Transit Club" who desire work in engineering lines during the four months' summer vacation. Some of these men will be employed on drafting work, the majority of them on some one or other of the numerous surveys which are to be handled by Capt. Cox.

Objects to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all druggists.

Dr. Tison Returns.

Dr. G. B. Tison has returned from Birmingham, where he attended the meeting of the National Dental Association. He declares that it was the largest and most enthusiastic assemblage in the history of the association. Dr. Tison stopped over in Atlanta on his return and saw several of the Gainesville young people who are now attending school there.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. J. W. McCollum & Co.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Big Revival at M. E. Church.

The big revival at the M. E. church (colored) is now going on and it attracting large crowds. Today, service as follows: 9 a. m. Sunday school; 11 a. m. love feast; 3 p. m. Holy Sacrament and Baptism of one of the oldest citizens of Gainesville, J. D. Bebose, and others. 7:30 p. m. special revival service.

Preaching at each service by the pastor, Dr. Thos H. B. Walker. All are invited.

Publisher.

Eminent Authorities Say

That out-door exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is very simple—use Ballard's Snow Liniment and the rheumatism will go, leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back. Sold by W. M. Johnson.

FOR CITY MARSHAL.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,

CHAS. C. WARREN.

FOR TAX ASSESSOR.

To the Voters of the City of Gainesville:

I respectfully announce myself a candidate for City Tax Assessor for the year 1909. Having been Tax Assessor for four years, I am fully prepared to fill the office, as my record will show, the city assessment having been increased in that time from a little over $600,000 to over $1,000,000. I was prevented from running for this office last year on account of sickness, and now respectfully solicit your votes.

W. M. BRADFORD.

To the Voters of Gainesville:

I hereby announce that I am a candidate for re-election to the office of City Tax Assessor for the year 1909, in the election to be held on April the 13th, and most earnestly request you all to give me your vote and support for the position.

Thanking you for your past endorsement, I remain, Yours very truly,

B. R. COLSON.

S.S.S.

OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S.S.S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S.S.S. is for sale at all drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Having used S. S. S. extensively I can testify to its merits as a blood purifier and tonic. It enriches, purifies and cleanses the blood of all impurities, and at the same time is a wonderful invigorator, tonic and system builder. It is also a fine remedy for Rheumatism. It is master of this very painful disease, and as a tonic to give appetite, strength to the nerves and build up the system it has no equal.

It is a very fine medicine indeed, and I have every confidence in it.

Tried to "Flim-Flam" An Innocent Old Woman—She came in from the country and was looking for Salley & Co's. place, and by mistake got into another grocery. She asked if it was Salley & Co's. and was told "yes" by the proprietor. She got out her list of articles to be purchased and asked for some prices. When she got prices on a few articles she looked up at the "man behind the counter" and simply said: "You can't 'skull-drag' me," and she was out and gone. The old woman had two other similar experiences before finding Salley & Co's. store. As soon as she asked for a few prices there she exclaimed, "I'm right this time, thank the Lord—I am right at last." She then purchased her rations, on which she saved about 20 per cent. C. A.
